

Dr. Norm Campbell Cardiovascular Disease Prevention Award

Deadline: June 30, 2025

Purpose of Funding:

Through a generous donation from Dr. Norman Campbell, this award aims to annually recognize an individual or group in Southern Alberta who is making a significant impact in preventing cardiovascular disease through community health promotion or primary prevention programming.

Available funds:

The recipient(s) of this award will be granted an honorarium of up to \$2,400 which can be used to support:

- a 12-month cardiovascular disease prevention community health promotion project or primary prevention programming and/or;
- individual or group travel to Calgary to receive the award.

Applications:

Applicants will submit the following:

- Project/Program Summary (1-2 pages) including rationale for the community recognition award

Selection Process:

The following criteria will be considered during the selection process:

- Evidence of applicant's commitment to promoting cardiovascular health through community programming or health promotion,
- Significance and quality of the application, program, or proposed project,
- Application, project or program fit with the mandate of the institute.

Award Selection Committee:

An Award Selection Committee will be convened at least once per award cycle by the P2 Initiative Co-Leads. Committee members shall include:

- Co-Leads of Libin Cardiovascular Institute P2 Initiative
- Member of the Libin Cardiovascular Institute P2 Initiative
- Member of the Libin Cardiovascular Institute
- Community Member

The Award Selection Committee will be responsible for maintaining meeting minutes, as well as circulating calls for applications and selecting recipients in alignment with the selection process outlined above.

Deadline for application:

Monday, June 30, 2025

Electronic submissions should be done via the [application form](#).
